Dear Community Partner,

We invite you to join the Brian S. McCarthy Memorial Foundation in celebrating Science, Technology, Engineering, and Mathematics at our **2nd Annual Family STEM Day** on **Saturday, May 16, 2026** at Nashua High School South.

Open to families, students, and community members of all ages, Family STEM Day is an opportunity for local organizations to highlight work, engage with families, and inspire future generations of scientists, engineers, and innovators. We welcome hands-on exhibits, interactive demonstrations, and any other creative ways you can engage attendees of all ages in STEM learning. This is a great opportunity to connect with the community, raise awareness of your programs, and encourage STEM education in Greater Nashua.

Last year **over 1,000 people** joined us in exploring the exciting world of STEM with more than **40 hands-on activities and interactive presentations**, conducted by **23 demonstrators**. Be part of this year's fun!

The Brian S. McCarthy Memorial Foundation was established in March 2019 in memory of the late Nashua Alderman-at-Large. Our mission is to honor the memory, service, and community leadership of Brian McCarthy, reflect his passion for the sciences and technology, and continue his commitment to education. Our Foundation promotes, advocates, and funds STEM Education and Lifelong Learning Opportunities to the Nashua, NH community.

Since 2019, we have funded **over \$105,000** in scholarships, donations, and grants benefiting:

- **26 Scholarship Recipients**
- **1,800 Nashua Students**
- **40 STEM Projects**
- **22 Local Schools and Organizations**

**We hope you will join us in celebrating STEM initiatives in Nashua as a participating organization at Family STEM Day on May 16<sup>th</sup>.**

Thank you,

Kimberly M. McCarthy  
President, Brian S. McCarthy Memorial Foundation
